

Dear customers,

In order to best comply with government security instructions regarding COVID 19, we had to make some changes:

- The mini bars are empty but can be used by customers
- Nespresso coffee makers and kettles had to be removed.
- The beds are made with duvet covers only, if you wish you have a blanket available in the closet, if used, please leave it on the bed when you leave to be washed.
- For people who stay several nights, the layers are no longer carried out but if you need clean towels, that the sheets be changed or anything else, do not hesitate to inform the reception (open from 8 am to 9:30 p.m.) and we will do what is necessary.
- Breakfast is served without the buffet mode, so you will be asked on your arrival when you want to eat it and what you want to eat.

We are well aware that these changes can be a bit annoying but they are beyond our control and you can count on our team to serve you so that you have a great stay in our establishment.

The direction.
